MOST MEMORABLE MOMENT(S) AT PRAIRIE: The first most memorable is the field trip to Fort Lewis at the end of 2001 school year. I was too scared to do any of the tasks. The scavenger hunt I enjoyed the most task out of the whole trip. I recall the simple things as the most meaning full to me. The cold mornings I got up and exercised on the wet ground. I was wet for hours after that, and freezing cold. The time spent with friends on this trip I remember most. I talked more than getting any work done, but it was high school.

The second was the ROTC picnic at Lewisville Park. I was so infatuated with boy, I barely remember any of the activities that when on, unless he was doing it. I remember it was late spring and I forgot to take my allergy medicine, my eyes were so red the whole time. We ate our fill of picnic foods and socialized. Then as the day grew warmer we all got in the cold Lewis River for dip.

ACTIVITIES AT PRAIRIE: All of the ROTC Clubs

COMMENTS:

I switched to Prairie High School in the last semester of my senior year. I enjoyed ROTC and loved getting involved here in ways I could not in the previous school. The only clubs and after school activities in the first high school was cheerleading and sports. These days of ROTC although short were the best days of my life and I will cherish them until I die or get Alzheimer's and forget.

COMMENTS:

I got married to a wonderful guy, Jon, and we have a beautiful 18 month old son, Julian. I am a nurse for Providence Hospital in Portland on the Medical/Surgical floor. I love my career and where it has taken me. I learned a lot about life during my time with patients that have come and gone. It makes you realize that literally you could be here enjoying life and then gone the next. Life is not to be messed around with. Why waste it when you have so much to learn and get out of living. Remember each moment because it may not always be there when you wish it was. My husband and I bought a four bedroom house which we are starting our own business out of. We recently received our AFH (Adult Family Home) License and will be accepting clients soon! We are very excited and very fortunate. We have a wonderful life and know how blessed we are. It's nice to see so many of you on here! All I can say is I hope that everyone is doing well whether you remember me or not---Just stopping in to say Hello!!!

If high school weren't such a goulash of drama, gossip, and hormones, I might be tempted to say that I would want to go back. True, I miss my friends and some of my favorite teachers and other peoples, and I liked some of my classes, there are other ways around it. Good luck and good job to current and future survivors (read: graduates) who are not left permanently scarred. :)
